Index

March–December, 1975

Abdomen, assessment of, in surgical patient, March, 93
Abortion, in unwed adolescents, June, 218
  counseling for, June, 224
Accountability, professional, in ICU, March, 127
Acidosis, metabolic, in acute renal failure, Sept., 425
Adolescents
  contraception for, June, 224
  health care decisions by, June, 217
  sexual trauma of, Sept., 551–563
  unwed pregnant, characteristics of, June, 219
    decisions of, June, 217–227
    education for, June, 225
Aeration, for patient on ventilator, March, 19
Aging
  biophysical changes in, Sept., 566
    in female, Sept., 566
    in male, Sept., 567
  sexual behavior in, Sept., 571
  sexuality and, Sept., 565–574
    biophysical changes, Sept., 566
    cultural and social influences, Sept., 570
    effects of disease or disability, Sept., 569
    hormone changes, Sept., 568
    nursing implications, Sept., 572
Air-fluidized bed, in treatment of decubitus, March, 185
Airway obstruction, in surgical patient, March, 10
Alberta, northern, community nursing in, Dec., 731–739
Alternating pressure mattress, in treatment of decubitus, March, 177
Aluminum hydroxide, table of equivalents, Sept., 446
Amphetamines, for child with MBD, June, 387
Androgens, for dialysis patient, Sept., 477
Anemia, sickle cell, June, 296
Antilymphocyte globulin, after kidney transplant, Sept., 511
Anxiety, definition, March, 70
  effect on sexual function, Sept., 583
  factors increasing, in ICU, March, 70
  in ICU nurse, March, 76
  manifestations of, March, 72
Arrhythmias, cardiac, postoperative, March, 27
    nursing care in, March, 43–48
    rationale of therapy for, March, 43
Arthritis, sexual problems with, Sept., 590–594
Ashman beat, March, 40
Assessment, definition, March, 83
  for hypoventilation and hypoxia in surgical patient, March, 8
  in O.R. nursing, 625–633
  of body image problems in surgical patient, Dec., 638
  of cardiovascular system, in surgical patient, March, 84
  of fluid and electrolytes, postoperative, March, 49
  of nervous system, in surgical patient, March, 94
  of patient on ventilator, March, 17
  of postoperative tachycardia, March, 31
  of sexual dysfunction, Sept., 590
  of surgical patient, evaluation of, March, 121–144
  postoperative, for cardiovascular complications, March, 46
    by O.R. nurse, Dec., 618, 625
  preoperative, to prevent cardiovascular complications, March, 45

Assessment (*Continued*)
psychologic, of surgical ICU patient, nurse's role, March, 79
pulmonary, in postoperative patient, March, 13
skills for, March, 83
Assessment tool, for ICU patient, March, 98–104
psychologic, for ICU patient, March, 77
Atelectasis, postoperative, March, 10
Atrial fibrillation, postoperative, March, 33
Atrial flutter, postoperative, March, 33
Audit, nursing, in O.R. nursing, 630
use in quality assurance programs, March, 123
Auscultation,
as part of assessment, March, 84
of abdomen, in surgical patient, March, 93
of cardiovascular system, March, 85
of respiration, in surgical patient, March, 89
Autonomic nervous system, assessment of, March, 97
Azathioprine, use after kidney transplant, Sept., 510
Azotemia, definition, Sept., 421

Bedsores, March, 157–210. See also *Decubitus ulcers.*
Behavior management classes for parents of handicapped child, June, 319–327
Behavior modification, June, 373–379
changing concepts in, June, 377
interpersonal relationships and, June, 374
Blind and deaf child, June, 341–352. See also *Deaf-blind child.*
Blood gas analysis, securing samples for, March, 23
Blood pressure, postoperative assessment of, March, 53, 86
Body image, definition of, Dec., 636
nursing assessment of, in surgical patient, Dec., 638
surgery and, Dec., 635–643
Body weight, postoperative, March, 51
Bone, disease of, in chronic renal failure, Sept., 461–468
Booth Maternity Center, model for maternity care, June, 241–249
Bowel sounds, postoperative assessment, March, 53
Breast, cancer of, preventing surgical infection in, 673
Breath sounds, assessment of (table), March, 90, 91

Canada,
community nursing in, Dec., 687–778
in Quebec, Dec., 721–729
clinical nurse specialist and, Dec., 761–769
creativity and problem-solving in, Dec., 751–759
employment upgrading programs, Dec., 771–778
continuing education program for primary health care, Dec., 691–698
Digby demonstration project in community health, Dec., 741–749
independent nurse practitioner project in Saskatchewan, Dec., 711–719
north, community nursing in, Dec., 731–739
Cancer,
bone, preventing surgical infection in, Dec., 674
breast, preventing surgical infection in, Dec., 673
gastrointestinal, preventing surgical infection in, Dec., 674
genitourinary, preventing surgical infection, Dec., 675
gynecologic, preventing surgical infection in, 673
head and neck, preventing surgical infection in, 672
nervous system, preventing surgical infection in, Dec., 674
surgical infection in, control of, Dec., 667–678
thoracic, preventing surgical infection in, 673
Carcinoma, of cervix, relation to genital herpes, Sept., 602
Cardiac output, decreased, postoperative, March, 46
Cardiovascular problems, postoperative, March, 27–41
irregular pulse, March, 37
nursing care and, March, 43–48
rationale of therapy for, March, 43
tachycardia, March, 27
Cardiovascular system, assessment of, in surgical patient, March, 84
Carotid sinus pressure, in diagnosis of ventricular tachycardia, March, 36
Central venous pressure, postoperative monitoring of, March, 47
Cerebral function, tests for, March, 94
Cervix, cancer of, relation to genital herpes, Sept., 602
Child (Children)
deaf-blind, June, 341–352. See also *Deaf-blind child.*
health screening services for, under Title XIX, June, 313

Child (*Continued*)
kidney transplantation in, Sept., 503–516
mentally retarded, institutional care of, innovations in, June, 393–405
socio-sexual development of, June, 361–372
preparing for surgery by play therapy, Dec., 679–686
renal osteodystrophy in, Sept., 467
sexual trauma of, Sept., 551–563
with developmental disabilities, June, 307–405. See also *Handicapped child.*
with minimal brain dysfunction, care in HMO, June, 381–391
education for, June, 388
management, June, 385
medication for, June, 387
Childbirth, at home, economics of, June, 236
preparation for, Booth Maternity Center program, June, 244
Childbirth Education Association of Greater Philadelphia, June, 242
Childrearing, education in, as part of nurse-midwifery service, June, 256
Children's Bureau, June, 312
Circadian rhythms, March, 105
CircOlectric bed, in treatment of decubitus, March, 175
Clapping and vibrating, technique of, March, 19
Clinical nurse specialist,
in community nursing, in Canada, Dec., 761–769
job description of, Dec., 646
role in operating room, Dec., 645–653
role in perinatal center, June, 280, 286
Clinically trained nurse (C.T.N.) in Canada, task analysis of, Dec., 699–709
Communication, in operating room nursing, 625–633
with deaf-blind child, June, 344
Compliance of patients with G-6-PD deficiency and hemoglobinopathies, June, 303
Community nursing,
clinical nurse specialist role, in Canada, Dec., 761–769
Digby Demonstration Project, Canada, Dec., 741–749
in Canada, Dec., 687–778
creativity and problem-solving in, Dec., 751–759
in employment upgrading programs, Dec., 771–778
in northern Canada, Dec., 731–739
preventive health programs, Dec., 734
training for, Dec., 738
Community nursing (*Continued*)
in Quebec, Dec., 721–729
evaluation programs, Dec., 726
nursing functions, Dec., 723
in urban family practice setting, in Canada, Dec., 756
Congestive heart failure, postoperative tachycardia and, March, 30
Continuing education program, for primary health care in Canada, Dec., 691–698
Continuity of care, for surgical patient, , 625–633
Contraception, for adolescents, June, 224
for mentally retarded in institution, June, 402, 403
Coping, concept of June, 329
Coping behavior, of physically handicapped children, June, 329–339
Corticosteroids, use in immunosuppression after kidney transplant, Sept., 511
Cost, of maternity care, effect of, June, 229–239
Counseling,
pregnant patients with genetic abnormalities, June, 293–305
techniques of, June, 300
sexual, methods for, Sept., 526
socio-sexual, for mentally retarded child and parents, June, 368
Cranial nerve function, tests of, March, 94 (table), 96
Crippled children's programs, June, 312
Criteria, establishing, in evaluation programs, March, 130
methods of writing, for evaluation programs, March, 132
need for, in quality assurance programs, March, 125
C.T.N. See *Clinically trained nurse.*

Deaf-blind child, June, 341–352
behavioral and management concerns, June, 343
causes of, June, 342
communication with, June, 344
discipline for, June, 349
family of, needs of, June, 350
growth and development problems in, June, 342
identification of, June, 342
mobility of, June, 346
nutrition for, June, 348
sleep patterns of, June, 348
Deca-Durabolin, for dialysis patient, Sept., 477

Decubitus ulcer(s), March, 157–210
classification of, March, 163
definition, March, 158
etiology, March, 157–170
factors contributing to, March, 164
mechanism of formation, March, 158
patients predisposed to, March, 167
treatment, March, 171–210
by mechanical devices, March, 171
summary of, March, 187
by oral agents, March, 200
by physical methods, March, 196
by surgery, March, 202
by topical applications, March, 190
by turning patient, March, 196
summary of, March, 204–206
Dehydration, in intestinal obstructions, March, 151
postoperative, assessment of, March, 51
Development, of mentally retarded child, June, 361
Developmental disabilities, child with, June, 307–405
Diabetes, hemodialysis and, Sept., 473
Diagnosis, as part of nursing process, March, 108
Dialysis, limited care, Sept., 491–502
physical facilities for, Sept., 495
See also *Hemodialysis.*
Dialyzers, large surface area, Sept., 481–490
Diet therapy, with hemodialysis, Sept., 470–475
Digby demonstration project in community health, Canada, Dec., 741–749
Disequilibrium syndrome, in hemodialysis, Sept., 429, 486
Disseminated intravascular coagulation, in renal failure, Sept., 426
Dressler beat, March, 35
Drugs, for chronic renal failure (table), Sept., 444
used with hemodialysis, Sept., 475–478

Economics of health care, June, 230
nurse and, June, 231
Elderly, sexuality in, Sept., 565–574. See also *Aging.*
Electrolyte content of gastrointestinal fluids (table), March, 50
Electrolyte imbalance, in intestinal obstructions, March, 151
Employment upgrading programs, role of community nurse in, in Canada, Dec., 771–778
Endotracheal tube, care with, March, 20
Evaluation,
of assessment and intervention in surgical ICU patient, March, 121–144
of inservice program for new graduates in O.R., 663
of nursing intervention, March, 112
in operating room, Dec., 622, 630
index forms for use in, March, 133
input into, March, 125
methods of, March, 128

Family, of deaf-blind child, needs of, June, 350
Federal government, programs for handicapped children, June, 309–318
Fernald State School, innovative programs in, June, 393–405
Fetal medicine, as a specialty, June, 263
Flotation pads in treatment of decubitus, March, 172
Fluid and electrolyte problems
in acute renal failure, Sept., 423
in patient on ventilator, March, 18
postoperative, March, 49–57
Fluid and electrolyte therapy, in intestinal obstructions, March, 153
postoperative, March, 54
Fluids, loss of, postoperative, March, 49

G-6-PD deficiency, June, 298
counseling patients with, June, 293–305
Gastrointestinal fluids, electrolyte content (table), March, 50
Gender identity, determination of, Sept., 530
General Adaptation Syndrome, March, 71
Genetic deviations, hematologic, counseling patients with, June, 293–305
Glomerulonephritis, Sept., 433
Glucose-6-phosphate dehydrogenase, deficiency of, June, 293. See also G-6-PD.
Goals, determination of, as part of nursing process, March, 110
Group leadership, seminar in, for nurses, June, 323
Group work with parents of handicapped children, June, 319–327
rationale for, June, 321
Growth and development, problems of, in deaf-blind children, June, 342
Gynecologic care, for mentally retarded in institution, June, 395

Handicapped child, June, 307–405
behavior modification for, June, 373–379
coping behavior of, June, 329–339
enrollment in special education programs, June, 310
HMO and, June, 382
national concerns for, June, 309–318
parents of, behavior management classes for, June, 319
socio-sexual development, June, 361–372
with mental retardation, June, 353–359
with multiple defects, June, 341–352. See also *Deaf-blind child.*
Health, consumer's concepts of, June, 260
sexual, promotion of, principles in, Sept., 521
Health care, cost of, economic theories, June, 340
Health education, sexual, Sept., 519–528
Health insurance, for maternity care, June, 235
Health Maintenance Organization, nursing in, June, 381–391
Heart, postoperative problems involving, March, 27–41. See also *Cardiovascular*
Heart block, postoperative, March, 37, 40
Heart sounds, assessment of, March, 85
Hemodialysis,
diet therapy with, Sept., 470–475
commercial products, Sept., 473
point system for, Sept., 471
drug therapy with, Sept., 475–478
hepatitis as problem in, Sept., 499
in acute renal failure, Sept., 427
limited care, Sept., 491–502
physical facilities for, Sept., 495
problems in, Sept., 499
long-term nurse's role in, Sept., 455
psychologic responses to, Sept., 454
stress of, Sept., 451–455
middle molecule theory and, Sept., 481
primary nursing in, Sept., 418
with large surface area dialyzers, Sept., 481–490
Hemoglobin, deviations in. See *Hemoglobinopathies.*
fetal, June, 297
Hemoglobin C, June, 297
Hemoglobinopathies, counseling patients with, June, 293–305
types of, June, 294
Hepatitis, in dialysis patients, Sept., 499
Herpes, genital, Sept., 599–606
clinical manifestations, Sept., 600
effects on pregnancy and newborn, March, 601, 605
incidence of, Sept., 600
Herpes, genital (*Continued*)
nursing implications, Sept., 604
patient education in, Sept., 605
relation to cancer of cervix, Sept., 602
treatment of, Sept., 603
Herpesvirus genitalis, Sept., 599–606
Herpesvirus hominis, clinical manifestations of infection, Sept., 600
infections due to, Sept., 599
High-risk neonates, care centers for, in Wisconsin, June, 267. See also *Perinatal centers.*
Histocompatibility testing, for kidney transplant, Sept., 504
History, sexual, interviewing for, Sept., 523
HMO, and handicapped child, June, 382
nursing in, June, 381–391
Home delivery, economics of, June, 236
Homozygous Hemoglobin C disease, June, 297
Hormones, sex, changes in aging, Sept., 568
Housekeeping practices, effect on surgical infection, Dec., 668
HVH. See *Herpesvirus hominis.*
Hyperemia, as reaction to pressure, in decubitus formation, March, 161
Hyperkalemia, in acute renal failure, Sept., 423
Hypertension, drug therapy of, in dialysis patient, Sept., 475
renal vascular, Sept., 433
Hypocalcemia, in chronic renal failure, Sept., 461
Hypoventilation,
in surgical patient, assessment for, March, 8
management, March, 9
types of, March, 9
Hypovolemia, postoperative, as cause of low cardiac output, March, 46
Hypoxia
in surgical patient, assessment for, March, 8
management, March, 9
types of, March, 9
Hysterectomy, vaginal, effects on sexuality, Sept., 578

ICU, care of surgical patient in, March, 1–144
Illness, effects on sexual function, Sept., 577
irreversible, sexuality and, Sept., 587–597

Immunosuppression, after kidney transplant in child, Sept., 510
Imuran, use after kidney transplant, Sept., 510
Incontinence, effect on sexual function, Sept., 592
Infection
  nosocomial, in cancer patients, 677–678
  postoperative, in respiratory tract, March, 13
  surgical, factors influencing, 667
    health and safety measures in prevention of, Dec., 675
    in cancer patient, control of, 667–678
      special problems, Dec., 671
    surveillance of, Dec., 676
Infection control committee, role of, Dec., 677
Inservice education, for new graduates in O.R., 655–665
  O.R. clinical nurse specialist and, Dec., 648
Inspection, as part of assessment, March, 84
  of abdomen, in surgical patient, March, 93
  of thorax, in surgical patient, March, 88
Institutional care of mentally retarded, innovations in, June, 393–405
Intensive care, of surgical patient, March, 1–144
Intensive care unit,
  factors increasing anxiety in, March, 70
  nurse in, anxiety in, March, 76
    coping mechanisms for, March, 76
  professional accountability in, March, 127
  surgical, psychologic assessment in, March, 69–81
Intervention, nursing, in sexual dysfunction, Sept., 590. See also *Nursing care.*
Interviewing, as part of assessment, March, 84
  for sexual history, Sept., 523
Intestinal obstruction, March, 147–155
  nursing considerations in, March, 152
  pathophysiology, March, 148
  symptoms, March, 148
  types, March, 147
Intravenous fluid therapy, postoperative, March, 54

Kidney, transplantation of, Sept., 503–516
    donor selection, Sept., 506
    future of, Sept., 514
Kidney, transplantation of (*Continued*)
    immunologic aspects, Sept., 504
    in child, complications of, Sept., 512
      immunosuppression after, Sept., 510
      operative technique, Sept., 508
      postoperative care, Sept., 509
      psychologic aspects, Sept., 514
      rejection after, Sept., 512
    primary nursing in, Sept., 418
    recipient selection, Sept., 505
Kidney disease, care in, Sept., 411–516. See also *Renal disease* and *Nephrology nursing.*

Local Adaptation Syndrome, March, 71
Lungs, assessment of, in surgical patient, March, 88

Male, aging, sexual changes in, Sept., 567
Maternity care,
  alternative model for, June, 241–249
  Booth Maternity Center model for, June, 241–249
  effect of cost on, June, 229–239
  health insurance for, June, 235
  in perinatal center, June, 278
  Maternity Center Association, model for, June, 237
  restructuring, June, 215–305
  through consumer-oriented nurse-midwifery service, June, 251–262
Maternity Center Association, model for maternity care, June, 237
Maternity unit, as part of perinatal center, June, 278
Mattresses, types of, used for decubitus, March, 177
